

## FLU VACCINATIONS

This winter we need you to help us protect our local community and NHS from Flu. We're urging all our patients to help us by having a Flu vaccination, especially if you are:

- Over 65
- Under 65 and living with a long term condition
- Pregnant or
- A Carer

Over the coming weeks we will be offering all eligible patients a Flu vaccination starting with those that are most at risk. If you are contacted by us please book an appointment to attend a Flu clinic as directed.

Due to the Coronavirus pandemic all Flu clinics this year have been set up to keep patients and staff safe.

If you aren't eligible for a free NHS vaccination contact your local pharmacy where you can have a Flu vaccination for a small fee.

For information about our upcoming Flu clinics contact our reception team by calling: 0116 2333600 or for more information about Flu visit: [www.NHS.uk/flu](http://www.NHS.uk/flu).
